

# PANTALLA 1 VISTA Y BLOQUES

The screenshot shows the MIT App Inventor Designer interface for a project named "HelloPurr". The top navigation bar includes "Projects", "Connect", "Build", "Settings", "Help", "English", and a user account section. The main area is divided into three sections: "User Interface" (left), "Screens" (center), and "Blocks" (right).

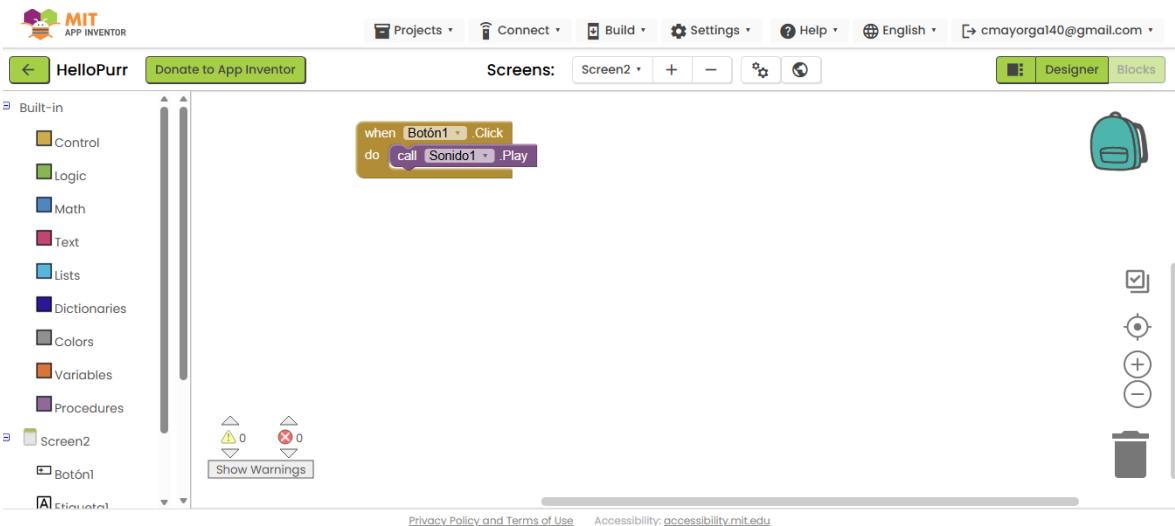

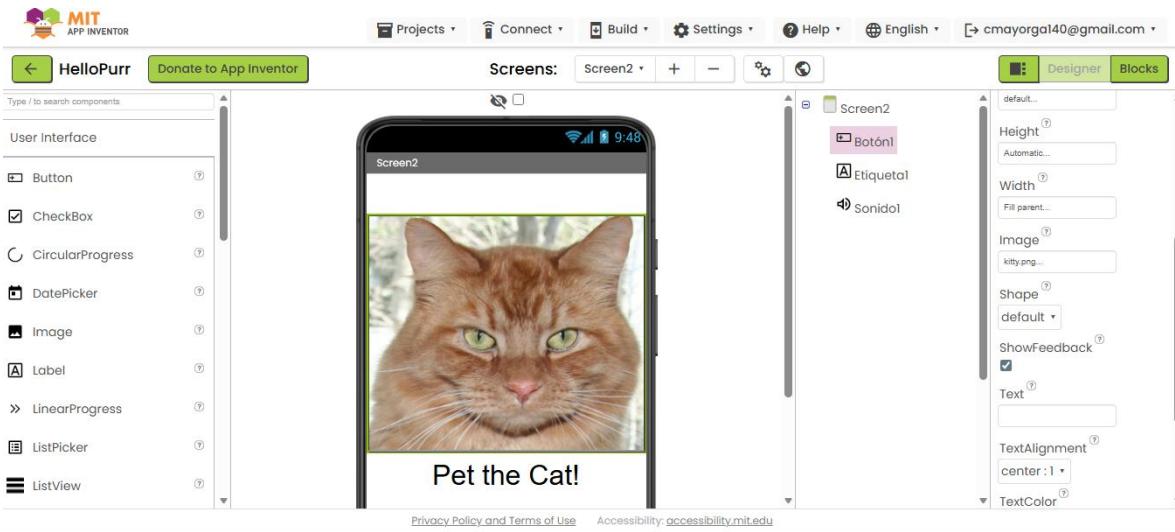

**User Interface (Left):** A list of UI components: Button, CheckBox, CircularProgress, DatePicker, Image, Label, LinearProgress, ListPicker, and ListView.

**Screens (Center):** Displays a smartphone screen titled "Enter Your Password" with a password input field containing "....." and a "Submit" button.

**Blocks (Right):** A detailed properties panel for a "PasswordTextBox1" component, showing settings like Height, Width, Hint, HintColor, TextAlign, TextColor, and Visible. Below it, a script editor shows the following code:

```
when Button1 .Click
do
  if PasswordTextBox1 .Text = " "
    then open another screen screenName Screen2
    else set PasswordTextBox1 .Text to " "
```
